## Timely Logic

Laurie S.

Answers are beneath the questions. Have fun!

1. Do they have a 4th of July in England?  
*Of course. It's just not Independence Day.*
2. Most months have 31 days. How many have 28?  
*All months have at least 28 days.*
3. A woman gives a beggar 50 cents. The woman is the beggar's sister, but the beggar is not the woman's brother; how?  
*The beggar is the woman's sister.*
4. It is against the law for a man living in the United States to be buried in Canada. Why is that?  
*It would be murder to bury a man alive and murder is illegal!*
5. In baseball how many outs are there in a single inning?  
*6 outs--3 for each team.*
6. Is it legal in most states for a man to marry his widow's sister?  
*I'm not sure it would be illegal, but I don't think anyone could marry a dead man.*
7. Two men play 5 games of checkers. There are no ties yet each man wins the same number of games. How?  
*They're not playing each other.*
8. Divide 30 by  $\frac{1}{2}$  then add ten and you get???  
*70. (To divide by  $\frac{1}{2}$  you have to multiply by 2 which is 60 then add 10 and get 70)*
9. If there are 3 apples and you take away 2 how many do you have?  
*I have 2 and 'there' has 1.*
10. Two US coins total 55 cents and one is not a nickel. What are the coins?  
*A half dollar and a nickel. The half dollar is not a nickel. One is not a nickel, but the other is.*
11. If you only have one match and you walk into a room with an oil heater, a kerosene lamp and a wood burning stove which should you light first?  
*The match.*
12. A doctor gives you 3 pills and tells you to take one every half hour how long before you finish them?  
*1 hour from the time you take the 1st one to the time you take the 3rd.*
13. A farmer has 17 sheep and all but 9 die. How many are left?  
*9.*
14. How many animals of each sex did Moses take on the Ark?  
*Moses didn't take any animals on the Ark, Noah did.*
15. A clerk in a butcher shop is 5 ft 10 inches tall. What does he weigh?  
*Meat.*
16. How many three cent stamps are there in a dozen?  
*12.*

## **Friday Logic Game** Dana R., Cross Timbers GSC

In the old west, a man rode into town on Friday; he stayed three days and rode out again on Friday. How did he do it?

Answer: His horse's name was Friday.
